# Across Rivers, Mountains and Valleys at the Rate of 186,000 Miles a Second

**T**HAT'S the speed of conversation over a telephone circuit.

Industries in Wisconsin use this rapid service to enlarge their markets and increase their business.

Making good products has done much to bring the people of the world to our doors—and rapid methods of communication have changed great quantities of manufactured products into dollars.

Bell Telephone service brings Canada and Cuba within speaking distance. San Francisco is as close to us as Chicago when these speedy wires are brought into play.

The Bell system in Wisconsin ties up directly with the Bell Telephones in the whole nation. There are over six thousand Bell Telephone people here in Wisconsin ready to serve you, day and night.

# Helpful Suggestions

## and

# Information for Bell Telephone Patrons

The Use of the Company's Lines is limited to communications between parties, both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Exchange Calls originating at public pay stations or telephones where it is necessary to deposit a nickel for each conversation are limited to five minutes duration and a charge of five cents will be made for each period of five minutes.

Subscribers to Party Lines are limited to five minutes use of the line at one time.

The Chief Operator will Furnish on request, new call numbers of subscribers not listed, and who have had service installed or of numbers which have been changed after this Directory was printed.

It is impossible for Operators to give attention to complaints of trouble, therefore subscribers are requested to report any irregularities in their service promptly to the Chief Operator.

Ten Days' Notice for Changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm name or business for correction in the following issue of Directory.

Bills for Current Months' Service are payable at the Company's Office by the 15th day of the month. Service is subject to suspension if payment is not made by that date.

Schedules of Rates in Force at each exchange are on file at the Manager's office and can be examined by applying to the Manager.

A Copy of this Directory is delivered free to every subscriber for use until the next issue, but the book remains the property of the Company. It is imperative that the current issue be always used to obtain correct call numbers.

This Company Assumes no Liability for damages arising from names left out of this Directory or from errors occurring in its compilation or printing.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our subscribers wishing same, who will agree to pay the charges made by the issuing company. Prices and other information can be secured by calling the Manager's Office.

The Fire Department and the Police Department are always available by telephone. Tell your story briefly, calmly and distinctly, giving your street address, and answer promptly any question asked by the Department called.

Patrons are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of this Company, duly authorized to install, repair or remove telephones, or collect for service, are provided with proper credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone service, it cannot permit the use of any equipment or other apparatus in connection with that furnished by it. Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.

This Company Connects with the American Telephone & Telegraph Company, furnishing service to all of the important cities in the country.

Telegrams May Be Sent over the wires of this Company, to or from Telegraph offices. The Telephone Company does not assume responsibility for the correct transmission of the messages.

Supervision by Private Branch Exchange Operators—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Requests for Charges—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above concerning long distance service, call "Long Distance Information Operator."

The Company Cordially Invites all users of the telephone to call at any Exchange for an inspection of the operating room and other interesting details of the business. The unique features of a Telephone Exchange are but little understood by the public at large, and observations by the subscribers often lead to suggestions, tending to the best results in the service.

## Business Contact and Good Telephone Service

**T**HE Manager of your Telephone Exchange is responsible for a good business relationship between you and the Telephone Company.

He is responsible to you for the proper billing for your service. In spite of the many safeguards used throughout the telephone billing system, errors and misunderstandings sometimes occur, but when they do, the Manager wants to know about them and to correct them.

In case of error, take your bill to the Manager. He will receive you courteously and will adjust any misunderstanding.

Co-operation on your part will help the telephone people render efficient service. Bills paid promptly are dealt with easily and opportunity for error is greatly lessened.

The Telephone Manager and his representatives are anxious to maintain a good, clear-cut business relationship with all subscribers.

For Every Purpose

PURE PENN - MOBILOIL - WADHAMS

Free Air and Crank Case Service

*Opposite Post Office and City Rest Room*

## "Hello" Is Out of Date

"Hello" is a rather ungraceful little word when used to answer the telephone.

The accepted expression now used generally by particular people is to give the name of the firm or residence and the name of the person speaking. For example:

"Smith & Company, Jones speaking"

"Dr. Brown's office, Miss Smith speaking"

"Dawson's residence, Helen Dawson speaking"

This method eliminates the time-wasting, and hence money-losing, exchange of "Hello" and inquiry as to who is speaking.

## WISCONSIN TELEPHONE COMPANY
